

OBJECTIVES OF HUMANITY SCHOOL OF LEARNING

- Children empowerment through education, both formal and informal.
- Rehabilitation of street and less privileged and handicap children.
- Promotion of educational institutions and strengthening of educational programs mainly for children and handicaps from poor families and women
- Promoting health of children handicaps and women from poor families.
- Eradication of the negative social attitudes and traditional practices harmful to children through awareness creation and training on the hazards of such practices.
- Continuous monitoring of these poor children and handicaps no matter where they may be.
- Follow the children that have successfully completed their nursery education at the Humanity School of Learning to where ever they are continuing their education in the Gambia and support as needed.
- Continuo monitoring and supporting children and handicaps with their basic needs.
- Raising the awareness about the rights of children with disabilities among parents, teachers, students, and other community members
- Identifying children with disabilities in the community who are not attending school and bring them to school and take care of them.
- Providing support and training to parents of children with disabilities
- Training teachers to work with children with disabilities and learners with special educational needs.

VISION

Our vision is to provide good education for innocent children from poor families and those left on the street without any proper plan for the future, provide them with culturally competent and philanthropic mindset as well as increase their chance for better life.

MISSION AND CORE VALUES

Humanity School of Learning was established in September, 2009 to provide basic nursery and primary education to the children in Farato, to support, connect and promote growth of children through mentoring, networking, and nurturing them towards realization of their full potentials

THE HUMANITY SCHOOL OF LEARNING RESTS ON THE FOLLOWING BELIEFS:

- Recognizing and upholding mutual respect, innate worth, value, and unique experiences of all people.
- Equality, equity, and equal opportunities for all irrespective of age, gender, class, disability, religion and location
- Honesty, Transparency, and teamwork are essential requirements for effectiveness, efficiency and prosperity
- Poverty eradication through solidarity, support, and education for the poor, powerless and the excluded.
- Courage, conviction, commitment, creativity, boldness and innovation are required to positively impact the lives of less privileged children and women and handicaps.
- We believe in humility and recognize that we belong to a larger organization fighting for the rights and welfare of Children much more handicaps and their families.

PLANS OF HUMANITY SCHOOL OF LEARNING

- Expansion of the school enrolment number in order to avoid street children.
- Staff capacity building for learning and handling of children and handicaps.
- Food supply for school children for better learning motivation and understanding.
- Continues help to children that have gone through Humanity School of Learning in their other school if need be.
- Land as a playground for the children during non-busy hours and other school activities.
- School transports for handicaps and side visits.
- Register children much more handicaps within and around Farato and help them any how needed.
- Expand and enhance the small chicken farm and garden for self-reliance and self-food sufficiency
- Rehabilitation of more street children, both boys and Girls and handicaps through enrolling them into the nursery and primary schools and supporting them along the way.
- Gathering and distributing cloths and health care material to women, children handicap within the poor and vulnerable communities in the Gambia.
- Education and skills training for young girls and women who finished their primary/secondary studies in and have no employment.

WHO WE ARE

Established in September 2009, the Humanity School of Learning is a non-profit making institution committed to voluntary service to serve humanity. We work with the Children, handicaps and women, to holistically address issues affecting their livelihood. The institution is based on strong convictions to lift children and women out of vulnerability and poverty through provision of basic education and awareness programs to help mothers the basic needs of children and handicaps.

- The school is one of the few groups in Farato, focusing on improving street children and handicaps education and wellbeing.

- Humanity School of Learning is a viable vehicle to reach the community but the organization recognized the need for capacity building and expertise to support in their mission to ultimately lift the women, children and handicaps out of strife.

The Institution is not restricting its activities to Farato alone. We aim at widening our scope to other regions in the Gambia if support is available.

- Children empowerment through education, both formal and informal.
- Rehabilitation of street and less privileged children.
- Promotion of educational institutions and strengthening of educational programs mainly for children and handicaps from poor families and women
- Promoting health of children handicaps and women from poor families.
- Eradication of the negative social attitudes and traditional practices harmful to children through awareness creation and training on the hazards of such practices.
- Continuous monitoring of these poor children and handicaps no matter where they may be.
- Follow the children that have successfully completed their nursery education at the Humanity School of Learning to where ever they are continuing their education in the Gambia and support as needed.
- Continuo monitoring and supporting children and handicaps with their basic needs.
